Sir:

Applicants believe that the Statement of Reasons for Allowance in this case is improper because the Statement incorrectly characterizes the claimed invention as an "improvement over the invention patented in U.S. Patent No. 4,550,569". Applicant respectfully submits that the claimed invention is not limited by the teachings in U.S. Patent No. 4,550,569. Particularly, the scope of the allowed claims of the present application are not limited to a double walled steam inlet pipe structure as taught in U.S. Patent No. 4,550,569.

Respectfully submitted
